The 24th International Conference on Systems, Signals and Image Processing, IWSSIP 2017, will take place in Poznań, Poland on May 22-24, 2017 and will be hosted by Poznań University of Technology.

IWSSIP is an international conference on theoretical, experimental and applied signal processing. IWSSIP brings together researchers and developers from both academia and industry to report on the latest scientific and theoretical advances, to discuss major issues and to demonstrate state-of-the-art systems. IWSSIP 2017 will follow the successful events previously held in Budapest, Manchester, Poznan, Zagreb, Bratislava, Maribor, Bucharest, Prague, Chalkida, Rio de Janeiro, Sarajevo, Vienna, Bucharest, Dubrovnik, and London.

As in the previous years, all accepted papers will be submitted to IEEE Xplore and Web of Science.

Areas of interest

The program includes keynote and special lectures presented by eminent experts in the field, peer reviewed papers and invited sessions about but not limited to the following topics:

**Signal Processing**
- Signal estimation & detection
- Feature extraction
- Filtering
- Transformations

**Image and Video Processing**
- Coding
- Scene analysis
- Object localization & recognition
- Texture detection & extraction
- Medical image processing

**Speech and Audio Processing**
- Coding
- Speech recognition
- Speaker identification & verification
- Speech synthesis

**Machine learning**
- Neural networks
- Support vector machines
- Evolutionary algorithms

**Multimedia**
- Multimedia content processing & description
- Multimedia signal processing
- Multimedia communications, networking, services & applications
- Multimedia systems & services

**Network**
- Multicast and broadcast for IPTV
- DVB & IPTV technologies
- IMS based NGN architecture, services & protocols
- Content delivery networks

**Security**
- Watermarking & encryption
- Information & network security
- Authentication protocols & services

**Wireless Communications**
- MIMO & multi-antenna communications
- Cooperative transmission & reception
- Next generation mobile networks
- Wireless sensor network systems

**Organizers**

Poznań University of Technology
Faculty of Electronics and Telecommunications
Chair of Multimedia Telecommunications and Microelectronics

**Contact**

Agnieszka Jarysz
Phone: +48 6653900
Fax: +48 6653899
E-mail: office@iwssip2017.org
Web: www.iwssip2017.org

**DEADLINE EXTENDED**

Prospective authors are invited to submit full papers (maximum five pages including figures and references) of novel research material. Papers must be submitted electronically by March 13, 2017 using CMT. Each paper will be blind reviewed by at least two independent reviewers and evaluated with special attention to its originality, significance and clarity.

Full details of submission procedures are available at:
www.iwssip2017.org

**Important dates**
